

Curriculum vitae

- 1. Family name:** OULD INEJIH
2. First name: Sheikh Abdellahi
3. Date of birth: 31st December 1962
4. Passport holder: Mauritania
5. Address B2-28-Ksar, Nouakchott, Mauritania
6. Telephone 47050029
7. Email: inejihca@gmail.com

8. Education

University of Western Brittany, UBO (France) / 2000	Ph.D. Degree - Spatial and temporal dynamics and biology of octopus (<i>Octopus vulgaris</i>): Modelling of abundance and fisheries management.
University of Western Brittany, UBO (France) / 1992	Diploma of Advanced Studies in Biological Oceanology and Marine Environment.
National Agronomic Institute of Tunis (Tunisia) / 1986	Diploma of Fishing Engineer (Fishing technique, Management of operating systems, production)

9. Areas of expertise

- Fishery management
- Marine biology and fishery research
- Marine and coastal biodiversity
- Governance and Management of Marine Protected Areas
- Geographic Information Systems
- Eco-labelling and certification of fisheries/ MSC standard
- Project's assessment

10. Languages (level 1 = perfect to 5=low)

Mother tongue :	Arabic		
<i>Other languages</i>	Reading	<i>Speaking</i>	<i>Writing</i>
French	1	1	1
English	1	2	2

11. Computer and digital tools

- Excel, Word, Powerpoint
- Statistical Software: Statistica, SPSS, R-Studio
- Geographic Information Systems - GIS: ArcView, Mapinfo and QGIS

12. Extra-professional activities

- Member of the Scientific Council of the PNBA from 2011 to 2013
- Member of the Hydrological Monitoring Committee of the Diawling Park since 2016

- Founding member of the Mauritanian Society of Biodiversity and Marine and Coastal Ecosystems
- Member of the Scientific Council of IMROP (Mauritanian research center)
- Founding member of the Taskforce MPA-Fishery Management, CSRP- RAMPAO
- IUCN-MACO Team Coordinator "Participatory Management in Marine Protected Areas in West African Countries" from 2009 to 2012.

13. Geographical experience

Country	Date
Senegal	2008, 2012-2013, 2019, 2020
Guinea-Bissau	2006 ; 2008-2015, 2018, 2019, 2020
Morocco	2011, 2012, 2014
Algeria	2016, 2017 and 2018
Guinea	2003-2005, 2011, 2020
Gabon	2018, 2019, 2021
Gambia	2019, 2020
Cabo Verde	2022, 2023

14. Experience

Period	Country	Employer	Position	Projects/Experiences
2022-2023	Cabo Verde	FAO	Consultant	Project "Sustainable Fish Value Chains for Small Island Developing States (SVC4SIDS),"
2023	Mauritania	DDECOMAR	Consultant	Analysis and research: Connectivity of Mauritanian waters to distant ecosystems: the example of marine turtles
2022	Mauritania	DDECOMAR	Consultant	Analysis and studies: Non-fishing uses of the sea and sustainability of small pelagic resources: what potential impacts should be taken into account?
2022	Mauritania	ACF-GOPA	Consultant	Study of the pilot project « Fish-based products in school canteens »
2022	Mauritania	MPEM	Consultant	Participation in the review of the national strategy for the fisheries sector and the maritime economy 2022-2024
2022	Senegal	MSC	Consultant	Level 2 training course "Progressing towards MSC certification" Saly, Senegal
2021	Region	MRAG	Evaluator	Drawing up improvement plans for six fisheries in Mauritania and Senegal to meet MSC standards
2021	Gabon	FAO	Consultant	Support for the production of reports and training in the evaluation of SDG14, indicator SDG14.1.
2021	Mauritania	BRLi/Indigo	Consultant	Identification of priorities for action, stakeholders involved and conservation and resilience issues in Mauritania's coastal and marine environments
2021	Mauritania	WACA/ISSM	Consultant	Mapping of sensitive or eroded areas of the Mauritanian coastline and coastal habitats of halophytic plants found in Mauritania
2021	Mauritania	GSE/TGS	Consultant	Coordination of the Environmental and Social Impact Assessment of TGS offshore hydrocarbons prospection project: 2D Seismic, Multibeam Echosounder and Coring.
2020	Mauritania	PLANET GROUP INTERNATIONAL (PGI) LTD	Evaluator	Mid-term evaluation of the Promopêche project.
2020	Mauritania	PRAO-MR	Consultant	Support for the operationalization of the implementation of the two adopted fisheries management plans of Octopus and Meagre.

2020	Region	MRAG, LTD	Facilitator	Participation in Marine Stewardship Council pre-assessment of a dozen fisheries of Mauritania, Senegal, Cabo-Verde, The Gambia and Guinea-Bissau (curlew, round sardinella, sardine, pink lobster, sole, tropical tunas, bonga, horse mackerel, mangrove oyster).
2020	Mauritania	MPEM-IMROP	Consultant	Audit of the zoning of the Mauritanian fisheries.
2020	Mauritania	PRAO-MR	Consultant	Study of discards and Octopus survival in the fisheries operating in Mauritania.
2019	Mauritania	GIZ/GOPA	National Consultant	Evaluation of the development and management plan (PAG) 2015-2019 of the BanC d'Arguin National Park and elaboration of its PAG 2020-2024.
2019	Mauritania	Creocean/TOTAL	Expert	Environmental sensitivity study of Block C7, in front of Cap Timiris- Mauritania (oil exploration).
2019	West African Region	PRCM	Consultant	Study on the economic, social and ecological importance of small pelagics in Senegal, Mauritania and Guinea-Bissau
2019	West Africa	MSC	International expert	Scanning and mapping of small pelagic fisheries in Mauritania, Senegal, Gambia, Guinea-Bissau
2019	Guinea-Bissau	MAVA/CIPA	International expert	Elaboration of the strategic plan of the National Center for Applied Fisheries Research (CIPA)
2018-2019	Gabon	FAO	International Consultant Marine Biologist	Support for the evaluation of fishery resources (direct evaluations, indirect evaluations, indicators) of Gabon's demersal resources
2018	Mauritania	PND/RAMPAO	Expert	Elaboration of the monitoring plan of the fishery resources in the area of the Diawling National Park.
2018	Mauritania	Creocean/TOTAL	Expert	Environmental baseline study of Block C9, offshore Mauritania (oil exploration).
2018	Mauritania	GOPA/GIZ	DDECOMAR Expert	Mapping of Mauritanian marine environment management issues and web-based spatial representation tool.
2017-2018	Mauritania	PRAO-MR/MPEM	Fisheries Management Expert	Updating of the Management Plan for the Octopus Fishery of Mauritania.
2016	Algeria	FAO	International expert	Strengthening of the scientific research function in support of the implementation of fisheries policies in Algeria
2016-2017	Mauritania	GOPA/GIZ	Consultant	Biodiversity conservation and integrated management of marine and coastal resources
2015	Mauritania	MPEM	Expert	Technical support to the Ministry of Fisheries and Maritime Economy: fishing zoning and implementation of rights based uses/ quotas and concessions)
2015	Mauritania	Diawling National Park	Expert	Support for the implementation of the management plan (Interdisciplinary Committee)
2015	Mauritania	Mauritanian Institute of Oceanographic Research and Fisheries	Expert	Support planning of scientific research (Scientific Committee)
2015	Guinea-Bissau	AGRER-Belgium	Consultant	PRAO-Guinea Bissau / Expert biologist, support to fisheries management and scientific research
2014	Senegal	IUCN-RAMPAO	Consultant	MPA-Fisheries Initiative RAMPAO/CSRP/IUCN Facilitator/meeting facilitator set up Task-force
2014	CCLME Region	CCLME/UNEP	Consultant	Assessment of the status of biodiversity and habitats in the CCLME region / February-Dec. 2014
2014-2015	Senegal	PRAO Senegal/IDDRA	Consultant	Elaboration of the Management Plans for the coastal shrimps and cymbium fisheries of Senegal/ March 2014-August 2015

2014	Mauritania	GIZ/PNBA Project	Consultant	Participation and facilitation of the workshop of the stakeholders of the starting phase of the territorial prospective
2014	Senegal	IDDRA	Consultant	Elaboration of fishery management plans of coastal shrimp and Cymbium of Senegal: Stock assessment (modeling)
2013	Mauritania-Senegal	IUCN	Consultant	Capitalization of the experience of the PARTAGE project in the development of management plans by fishery
2013	Mauritania	PNBA	Consultant	Training of PNBA agents in techniques of participation and group facilitation.
2013	Mauritania	GIZ-ProGRN	Consultant	Studies "National Strategy for the Conservation of Biodiversity / Network of Marine Protected Areas in Mauritania".
2013	Senegal-Mauritania	IUCN/SRFC	Consultant	Capitalization of the results of component 1.4 of the "SHARE" project
2013	Senegal and Namibia	GIZ-ProGRN	Expert	Participation in the two CBD workshops aimed at achieving Aichii Target 11
2012	Mauritania	PNBA	Consultant	PNBA- National Park Zoning Proposal
2012	Mauritania	GIZ/ AC-fisheries project	Consultant	Updating and finalization of the study of the audit of the fishing zoning of Mauritanian waters.
2012	Hong Kong	China Fishery Group Limited	Consultant	Sustainability study related to small pelagic in Mauritania
2011-2012	Mauritania	GIZ / "Biodiversity, Gas and Oil" project;	Consultant	Consolidation of ecological data relating to the fisheries resource in the Mauritanian EEZ
2012	Mauritania	IUCN	Consultant	Accompaniment of the process of elaboration of the development plan of the curve by the COMMOD approach (participative approach of modeling of accompaniment)
2011-2012	Morocco	MPEM-Maroc	Expert biologist	Evaluation and updating of the management plan for the Moroccan Octopus fishery
2011	CSRP	FIBA	Expert	Evaluation of the "Rays and Sharks" project
2011	Mauritania	WADAF	Consultant	Study to establish the reference frame for the octopus fishery in Nouadhibou (Mauritania)
Since 2009	Mauritania	IUCN-MACO	Expert	Coordinator of the Participative Management Team in the Marine Protected Areas of West African Countries
2009-2010	Mauritania-Senegal	IUCN-Mauritania	Expert	Coordinator of the Project for the Management of Transboundary Artisanal Fisheries (Mauritania-Senegal) for the implementation of the management plans for Meagre, Tassergal and Mulletts in Senegal and Mauritania.
2008-2009	Mauritania	PACOBA	Consultant	Realization of the study "State of knowledge on the Gulf of Arguin, part of the PACOBA program
05/2008-10/2008	Mauritania	DECOMAR	Consultant	Realization of the study on fishing strategies and practices in PNBA
05/2008-10/2008	Mauritania	DD-ECOMAR	Consultant	Implementation of the study on the management of demersal fishing capacity in Mauritania
05/2008-06/2008	Senegal	CANAEST	Consultant	Participation in the study for the identification of priority actions in the field of fisheries and aquaculture of the Spanish Cooperation in the Republic of Senegal.
03/2008	Mauritania	NPF-IPPB	Consultant	Identification of priority projects for the private fisheries sector in Mauritania

11/2007-02/2008	Mauritania	DDECOMAR-CANAEST	Lead Expert	Study of Mauritanian Maritime Zoning Audit
2007	Mauritania	IMARES (Dutch research institute)	Consultant	Study to assess the levels of interactions (spatial, technical and ecological) of demersal resources (octopus and demersal fish) with the grasslands of Mauritania.
2007	Mauritania	IUCN	Consultant	Facilitation of the process of the diagnosis of the mullet fishery and elaboration of its fishery management plan
2006 and 2008	Guinea-Bissau	Design office AGRER (Brussels, Belgium)	Consultant affiliated to the Design Office	Technical Biologist Assistant to the Fisheries Sector Support Project (PASP) of Guinea-Bissau, financed by the African Development Bank
2004 and 2005	Guinea	IMROP	Consultant	Expertise and studies for the benefit of Guinea Conakry for the analysis of sea survey data and the training of researchers.
2004	Mauritania	IMROP	Consultant	Supervision of the study on the consumption of fishery products and the constraints on the flow of products to the domestic market
2004	Mauritania	UNEP	Consultant	Participation in studies on the impacts of trade policies on the management of fishery resources in Mauritania. PCEAO program; ENDA and the effects of trade liberalization and trade-related measures in the fisheries sector in the Islamic Republic of Mauritania.
2003	Mauritania	IMROP	Consultant	Participation to the process of identification of the main fishery management plans (Octopus and shrimp) and small scale sector (artisanal fisheries).
1992-96		FAO	Consultant	Participation in various studies and expertise: BEAM4 bio-economic modeling
2004		IUCN	Consultant	Elaboration of the report of the Mauritanian Master Plan for the Development of the Mauritanian Coastal Region

15. Scientific Research (Mauritania, 1987-2006)

Employer	Fonction	Position/ Experience
IMROP / NRCVG	Researcher biologist	<p><u>20 years as marine biologist and fishery scientist</u></p> <p>* Head of the Population Dynamics Laboratory</p> <ul style="list-style-type: none"> - Organization of scientific surveys (Chief of more than 20 stock assessment and monitoring surveys): abundance indices, biological data needed for stock assessments, swept area method for estimating biomasses and stocks levels. - Selectivity of fishing gear and discards studies - Management of various research programs on different marine groups (sparid, cephalopods and shrimp) and very deep knowledge on the fishery resources of Mauritania and all along north-west Africa. <p>* Chief of the Department of Stock assessment and fisheries management:</p> <ul style="list-style-type: none"> - Statistical analyses of the fishing sector - stock assessments and description of the fishery sector (fishing effort, abundance indices, potentials, etc.) and evaluation of management measures (fishing close, size at first maturity, quota and zoning). - Modeling tools used in fisheries (global and analytical models) - Teamwork experiences, leading teams from different fields (biologist, fishing technique, economy and sociology). <p>* Scientific Advisor and Head of the Statistic and Informatic Department:</p> <ul style="list-style-type: none"> - Implementation and evaluation of statistical monitoring systems and devices (network of surveyors, documentation and support of surveys, logistical means, etc.) of the fishery, - Planning, coordination of research programs and projects and setting up frameworks for collaboration and technical assistance - Preparation of fact sheets for the negotiation of fishing agreements.

16. Training and facilitation

Period	Country	Employer	Position	Projects/Experiences
2018	Gabon	FAO	International expert	Training of agents in commonly used population dynamic models, especially the methods applicable in the context of fisheries with poor statistical data.
2018	Mauritania	GOPA/GIZ	Trainer	Training of civil society in the use of simple tools for spatial representation of conservation issues.
2014	Senegal	BRLi	Trainer	ADuPeS Senegal Project/Training in Fisheries Economics and Management / June 2014
12 /2012	Mauritania	PNBA	Facilitator	Facilitation of Rgueiba Consultation Workshop, Dec 18-19, 2012

06/2011	Mauritania	IUCN	Trainer/ Facilitator	Organization and facilitation of training in shared governance for the Banc d'Arguin National Park Monitoring Committee.
05/2011	Senegal	IUCN	Trainer/ Facilitator	Organization and facilitation of training in shared governance for the Management Committee of the MPA of Cayar-Senegal
04/2011	Mauritania- Senegal	IUCN	Trainer/ Facilitator	Organization of training in shared governance for the benefit of the actors of the fishing sphere of Senegal and Mauritania
2011/2012	Mauritania	IUCN	Facilitator	Participation in the formulation of the PAP Courbine of Mauritania
07/2010	Senegal	IUCN	Trainer/ Facilitator	Facilitation of the 1st training workshop on shared governance of marine protected areas in West Africa (Popenguine Nature Reserve).
03/2010	Senegal	IUCN	Trainer/ Facilitator	Participation in the analysis of the governance of the Senegal Delta Transboundary Biosphere Reserve.
1990, 1993-1994	Mauritania	ISSTH	Associate Professor	Courses in Biology and Ecology of Crustaceans, Fish and Cephalopods (1990) and Population Dynamics
