

Development of Fisheries and Maritime Operational Program for the Canary Islands 2014- 2020 (EMFF)

<i>Date :</i>	2013-2014
<i>Location :</i>	Canary Islands, Spain
<i>Client :</i>	Canary Islands Government
<i>Description :</i>	<p>The Operational Programme contributes to the EU strategy for smart, sustainable and inclusive growth, consistent with the Common Strategic Framework and the partnership agreement.</p> <p>Following an in-depth participatory assessment of the fisheries and aquaculture sectors in the Canary Islands, the PO sets specific objectives, priorities, financial credits of EMFF assistance and the corresponding national co-financing disaggregated by administrations.</p> <p>Indicators have been identified for each priority to assess how the program progresses in achieving the objectives as the basis of monitoring, assessment and performance review.</p> <p>The PO also includes measures to ensure effective, efficient and coordinated implementation of the EMFF funds as well as measures to reduce the administrative burden for beneficiaries.</p> <p>Finally, the program includes a description of the measures provided to take into account the principles relating to the horizontal policies of the European Union: i) promoting equality between men and women and non-discrimination and ii) sustainable development.</p>
